AUTOBOX® ABX-2L

AUTOMATED EXCHANGER TUBE CLEANING

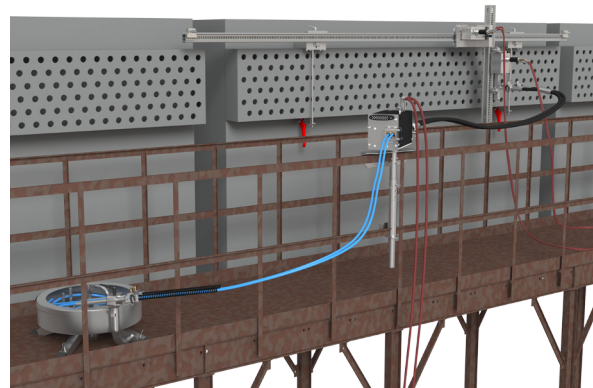

The AutoBox ABX-2L is an automated system for hands free heat exchanger tube cleaning applications. It is designed to reliably control a pair of flex lances for cleaning exchanger tube IDs with an emphasis on portability, ease of setup, and safety.

FEATURES

- Dual or single lance operation
- Quick setup — intuitive features like quick-release pins and plug-and-play assembly minimize downtime
- Hose clamp pressure and feed rates can be quickly adjusted for repeatable, consistent cleaning
- Operates reliably in highly corrosive environments
- Full line of accessories available

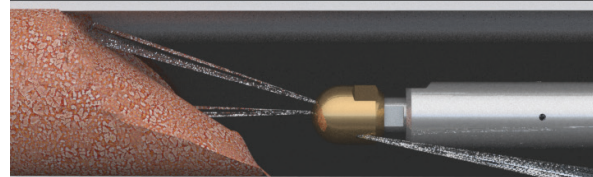

SPECIFICATIONS

FEED RATE	0.2–3.0 ft/sec (0.06–0.9 m/sec)
PITCH ADJUSTMENT	0.6–2.5 in. (15–64 mm)
HOSE SIZES	3/2–8/4
WEIGHT	42 lbs (19 kg)

HOSE CONTAINMENT & FIN FAN ACCESSORY

Adapt the ABX-2L for operation in confined walkways to access Fin Fan exchangers

AUTOSTROKE

Automatic blockage sensor increases efficiency of the ABX-2L in plugged heat exchanger tubes
