

**NEW FOR 2016**

# AUTOSTROKE™ AST-100-2L

The AutoStroke AST-100-2L is designed to increase efficiency of the ABX-2L in applications with plugged heat exchanger tubes.

The AutoStroke senses when a Banshee nozzle has hit a plug and activates an automatic forward and reverse pecking motion that allows the jets to effectively break through obstructions without operator intervention. This produces optimal cleaning and saves wear on your Banshee tools.

## FEATURES:

- Quick install to your existing ABX-2L
- Automated forward and reverse tool motion to clear obstructions
- Adjustable sensitivity for changing job conditions
- Adjustable retract distance allows nozzle to regain rotation

## SPECIFICATIONS

|                   |  |
|-------------------|--|
| <b>DIMENSIONS</b> | 11.5 x 10.5 x 7.5 in<br>(351 x 320 x 229 cm) |
| <b>WEIGHT</b>     | 10 lb (4.5 kg)                               |

**BANSHEE HEAD CONTACTS BLOCKAGE AND STOPS ROTATING**

**AUTOSTROKE 'SENSES' BLOCKAGE AND PULLS HOSE BACK SLIGHTLY TO REGAIN HEAD ROTATION**

**HEAD REGAINS NORMAL ROTATION AND HOSE FEED CONTINUES**

### NEW AUTOSTROKE AST-100-2L

By automatically retracting the Banshee tool from the blockage, the AST-100-2L allows the tool head to maintain maximum jet rotation to clear the blockage.
