

## **WHR SWITCHER**

The new WHR Switcher is two tools in one. Switch between pulling or cleaning without removing the nozzle from the pipe. When the pump is idled down and brought back to pressure the tool will switch the water flow between two different sets of jets.

### **FEATURES:**

- Eliminates extra runs needed to swap nozzles - saving water and time
- Run more jobs with one tank of water
- Switch to pulling jets for maximum thrust. Excellent for longer runs, climbing hills, going against the flow and flushing large amounts of material
- Switch to cleaning jets to maximize power for cutting roots and clearing debris, all with out affecting the houses

#### **OUR CUSTOMERS SUCCEED**

I used the Switcher non-stop every day, 8 hours a day, and didn't have one problem with it. I've been waiting for something like this."

**JASON DEMARTINI - VALLEJO SANITATION** 

# WHR SWITCHER

Up to 5k psi (350 bar)

14-30 gpm Flows (60-114 l/min) 6-18" Lines (152-457 mm)

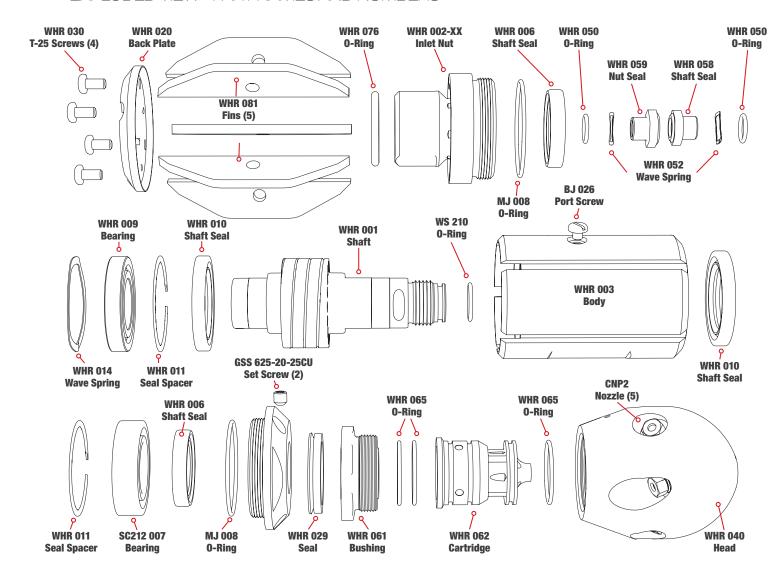

Two Inlet Options Available

## WHR Magnum Specifications

MAXIMUM PRESSURE	5k psi 350 bar
OPERATING PRESSURE	1200-5k psi 83-350 bar
ROTATION SPEED	150-400 rpm
FLOW	14-30 gpm 60-114 l/min
FLOW RATING	2.6 Cv
PULLING FORCE	30-90 lb 13-41 kg
INLET CONNECTION	1/2 NPT or BSPP, 3/4 NPT or BSPP
NOZZLE PORTS	5 x 1/8 NPT
TOOL DIAMETER INCL. CENT.	3.625 in. 92 mm
LENGTH	8.26 in. 210 mm
WEIGHT	7.48 lb 3.4 kg
